

"Health is Great!"

Educational organizations in the Sysert city district of Sverdlovsk region have implemented the project "Health is Great!" One of the lessons of it was held on the topic "Microbes and viruses around us" The purpose of this project is to acquaint students with infectious diseases, including Covid 19 with their signs and methods of prevention. Classes were held with the use of information technology. Each participant could use mobile devices to see viruses, microbes in a special book with augmented reality. Memorable characters endowed with bright characters told about themselves in prose and poetry, teaching the basics of a healthy lifestyle.
